Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-3, 5-25, 27-33 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The amendment of March 13, 2008 contains an improper incorporation by reference.

Claim 1 is amended to recite sulfonic acid and the basis for that comes from reference to an article by Tsaprailis et al. Since the limitation is now in the claim, it is essential material and may not be incorporated by reference to a journal article.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5-25, 27-33 are rejected under 35 U.S.C. 102(b) as being anticipated by Mascagni et al J. Chem. Soc. Perkin Trans. II (1987) pp 323-327.

Mascagni et al teach complexing alanine tosylate (toluene-p-sulfonic acid) with crown ether in the same manner as recited in claims 1, 2, 13, 15, 19, 20, 21 and 23. Claims 3, 5-12, 14, 16-18, 24,25 and 27-33 are rejected to the extent they read on a rejected base claim.

No claim is allowed.
